

Strip Brushes

Strip Brushes

Strip brushes are mainly used as cover in association with moving parts. They insulate doors and windows or help to keep moving parts on machines clean. There are many forms and profiles, with or without holders. Therefore, please indicate full measurements and holder details when ordering. The profile can be made of steel, aluminium or plastic. The filling material can be bristles or steel wire (see pages 11 - 13).

Required measurements and data:

GH total height
BH filling length
RB back width
shape of fixing

Filling Material:

STA, STM, MES, ROF, PP, PE, PA, FIB, ROS

Item Nos. in bold are available ex stock

- STA = steel wire
- STM = brass coated steel
- ROF = stainless steel wire
- MES = brass wire
- PP = polypropylene
- PA = polyamide
- PE = polyethylene
- FIB = fibre
- ROS = horse hair
